NAPIER INFRASTRUCTURE LEVY – EXPORT TERMINAL HANDLING CHARGE

12 April 2019

MSC Mediterranean Shipping Company S.A. wishes to advise that the Port of Napier has implemented an Infrastructure & Insurance Levy. This levy rate is being directly charged by Port of Napier to MSC and all other shipping lines.

Rather than implementing a new separate charge, MSC has incorporated the additional costs imposed by Port of Napier into our Napier Export Terminal Handling Charge.

Effective 11th May 2019 (proforma sailing date), the Terminal Handling Charge (THC) for export cargo from Napier will be applied:

Dry Cargo	20' Dry	40' Dry	20' Dry Haz	40' Dry Haz
Napier	390	510	390	510

Reefer Cargo	20' Reefer	40' Reefer	20' Reefer Haz	40' Reefer Haz
Napier	520	620	520	620

All above charges are in New Zealand Dollars (NZD).

Please note that these THC levels are not valid for any EEA member regions and updated Napier THC's for EEA regions are available upon request. The EEA member regions are as follows:

- EU Member States + Norway, Iceland & Liechtenstein
- United Kingdom
- French Antilles (Guadeloupe and Martinique) – Caribbean
- Reunion Island
- French Guiana – South America
